## LABOR MOVIE NIGHT SCREEN ACTORS GUILD

Screen Actors Guild is excited to announce a new free screening series that delves into subjects of importance to the labor movement. Each film screening will bring together actors, writers, labor leaders and activists who are connected to the subject matter of the film of the month.

Join us April 29 as we kick-off the program with the iconic union film **NORMA RAE** and a discussion of the Employee Free Choice Act legislation currently before the U.S. Congress. The Employee Free Choice Act may be the single most important bill for American workers in the last 30 years.

**PLEASE JOIN US FOR THIS EXCITING EVENT.**
